UNIVERSITY STUDENT LEADERSHIP PROGRAM

From the Classroom...

- ✂ 2014 will mark the eighth season that California State University, Fullerton (CSUF) has offered its Leadership Program.
- ✂ We welcome Chinese university students who strive for careers in competitive global markets by joining this extraordinary opportunity to develop their leadership skills.
- ✂ Participants will learn how the meaning of leadership has evolved to fit an increasingly global and multi-cultural context.
- ✂ Participants put into action what is discussed in class. They will experience effective leadership directly as part of a goal-directed team.
- ✂ Participants will be encouraged to synchronize through teamwork rather than to compete for similar roles. They will gain self-awareness about their leadership styles in order to work more effectively with teammates with complementary styles.

...To the Real World

- ✂ Students discover and develop strengths they never knew they had.
- ✂ Students learn how to communicate effectively within a team.
- ✂ Students learn how to embrace change and overcome obstacles.
- ✂ Students make life long friendships throughout this exciting summer experience in America.
